

15th December 2015

SKAA

President: Mr Luke Haddow

Dear Sir

The Sunraysia Dirt Karters request the approval of the SKAA to include a minimum weight limit in the Supplementary Regulations for the All Power Nationals, All Power Class only. This will not affect any supporting classes.

We believe this will provide a more even racing platform, and encourage more nominations. We believe that this is something that the drivers have been requesting, with many drivers relaying to us that they would not return without minimum weights.

The minimum driver / kart weight will be:

Modified Speedway Kart = 140kg

Outlaw and 125ccPRO = 150kg

Karts, with their drivers, will be weighed immediately after crossing the finish line, and any not reaching this minimum will be disqualified.

The scales used will be purchased by our club, as per the following photo:

ATTACHING WEIGHTS

Weights must be attached to the frame or seat only. Weights less than 3kg must be fastened with a minimum 8mm high tensile bolt and locknut. Weights above 3kg must be fastened with 2 x 8mm high tensile bolt and locknuts with threads protruding. Maximum individual weight is 5kg. All weights must have 30mm washer placed against both the bolt head and the securing nut. Attached weights must have the kart number clearly printed on them.

Additional Supplementary Regulations:

No additional weight is to be carried on person. No lead shot in chassis. Penalty to be imposed – disqualification.

It is the drivers responsibility to ensure the combined kart and driver weight is above minimum weight specified. Scales shall be available for drivers to use at all times.

Officials may check kart weights or kart and driver combined weight at any time during the race meeting.

The scales are to be set out on a level base. Karts are to be weighed in one direction, which is to be clearly indicated on the scales

Driver must stand as close as practical to the centre of the kart to weight total combined weight.

No minimum driver weight. No maximum driver / kart combined weight.

Please reply at your earliest convenience to allow us to continue our planning for this event.

Yours in Speedway Karting:

David Collins, President

Darren Allen, Chief Scrutineer
